

China Power 2009 & “China International Exhibition on Clean Energy Generation Technology and Equipment”

November 3-5, 2009 ♦ Tianjin Binhai International Convention & Exhibition Center (BICEC), China

Organizer	China Electricity Council	
Government Support	State Electricity Regulatory Commission National Energy Bureau (to be confirmed) State-owned Assets Supervision and Administration Commission (to be confirmed) Ministry of Science and Technology Ministry of Environmental Protection Municipal Government of Tianjin	
Organization Support	China Center for International Economic Exchanges (to be confirmed) China Machinery Industry Federation Chinese Renewable Energy Society (to be confirmed)	
Industry Support	State Grid Corporation of China China Southern Power Grid Co Ltd China Datang Corporation China Huaneng Group China Huadian Corporation China Guodian Corporation China Power Investment Corporation	Shen Hua Group Corporation China Guangdong Nuclear Power Holding Co Ltd China Three Gorges Project Corporation Guangdong Yudean Group Co. Ltd. Zhejiang Provincial Energy Group Co., Ltd. State Nuclear Power Technology Corp.
Media Support	China Power Enterprise Management, China Electric Power News, State Grid News, Machinery & Electronics Business, Power Grid Technology, Power Construction, China Power, State Grid, China Power News Network, Automation of Electric Power Systems, China Power Website, Electric Age	

Conference Theme

清洁能源 绿色电力 Clean Energy, Green Power

China Power 2009, hosted by China Electricity Council, will be convened on Nov. 3rd to Nov. 5th at Tianjin Binhai International Convention & Exhibition Center (BICEC). The Forum, held twice in Shanghai 2003 and Beijing 2005, is another grand event following the success of the previous two.

With the theme of “Clean Energy, Green Power”, the Forum will welcome over 1000 high-level managers and technologists engaged in clean energy and smart grid from all over the world.

Sub-forums on wind power, hydropower, nuclear power, solar power, CDM and carbon reduction, biomass energy, clean coal technology(CFB, IGCC and Ultra Super-critical) and smart grid will heat up discussions on the new demands of economic and social development on electric power service, new environment of

clean energy development, new trend of smart-oriented power grid development, the solutions to the problems of adaptability between large-scale energy bases construction and clean energy development, and especially, the lagged development of power grid, the increase of power grid resources optimized allocation efficiency and secured power supply capability. The Forum will facilitate in-depth communication and understanding among power utilities and equipment manufacturers at home and abroad on critical issues of clean energy development and new orientation of smart grid development of China's power industry.

The concurrent "China International Exhibition on Clean Energy Generation Technology and Equipment" will be held in BICEC, Tianjin. Renowned power equipment manufacturers from all over the world will bring their updated technology and equipment on clean energy and smart grid to the exhibition. High-rank officials and executives, experts, scholars and professionals from government bodies and organizations, power utilities and science & research institutions will be invited to visit the exhibition.

China Power 2009 - Program Topics

Main Forum: November 3

Theme: Clean Energy, Green Power

Highlights: Keynote speakers from government bodies as the State Council, State Electricity Regulatory Commission, National Energy Bureau, Ministry of Environment Protection, and Municipal Government of Tianjin, industry organizations as China Center for International Economic Exchanges and China Machinery Industry Federation, and related international organizations will be invited to deliver speeches on the Main Forum and cut the ribbon for the concurrent “China International Exhibition on Clean Energy Generation Technology and Equipment”. The Main Forum will also include three sessions of summit discussion with topics of “Opportunities & Challenges for Power Utilities under Low Carbon Economy”, “Current Status & Problems of New Energy Development in China”, and “Development Trend & Problems of Clean Generation”. Executives from major power utilities and related enterprise and organizations at home and abroad will be invited to join the discussion.

Sub-Forum: November 4

Theme of 8 Sub-forums:

- ✎ Smart Grid Sub-Forum: Practice and Integration
- ✎ Clean Coal Generation Sub-Forum: Innovation, Improvement
- ✎ Hydropower Sub-forum: Orderly development, Eco Protection
- ✎ Wind Power Sub-Forum: Orientation and Challenge
- ✎ Nuclear Power Sub-Forum: Quicken Development, Safe Development
- ✎ Solar Power Sub-Forum: Upgrade and Breakthrough
- ✎ Biomass Generation Sub-Forum: Policy and Technology
- ✎ Carbon Reduction Sub-Forum: Cooperation and Opportunity

Officials from related government departments, executives from industry associations and power related enterprises, experts, scholars and technologists will bring forward their views on directions, hot issues, and policy orientation in their respective fields on the sub-forums. Experience and technology exchange will also be carried out through typical case studies.

Highlights of Sub-Forums

Topics of Sub-Forums

A. Solar Power

1. Current development and trend of the application of solar power generation
2. Solar power generation application and development in China
3. Engineering scheme of solar power generation
4. Experiences on the construction, operation and maintenance of large-scale solar power plant
5. Equipment of solar power generation system
6. Complementarity of solar power generation and other means of generation
7. Related studies on policy

B. Carbon Reduction

1. Policies of Chinese government respond to climate change, and policies that concerns power industry
2. Introduction of international carbon trading mechanism and prospect of emission trading in China
3. Current problems on carbon reduction encountered by power industry, measures taken and effects.
4. Current development and potentials of power industry CDM projects in China
5. Analysis to the international demands, current development and prospect of CERs trading, and analysis to the factors contributing to CERs pricing
6. Case study of CDM projects.

C. Biomass

1. Industrialization of biomass energy
2. Policy study on biomass energy utilization
3. Current development and challenges to the direct combustion power generation of biomass energy
4. Ways of biomass collection
5. Biomass Co-firing
6. Straw gasification power generation technology
7. Biomass gas internal-combustion engine technology
8. Comprehensive comparison and suggestion on various means of biomass energy utilization

D. Clean Coal

1. Energy saving and emission reduction, clean development of thermal power industry
2. Strategy of clean coal generation development in China
3. Ultra super-critical gas turbine technology
4. Large-scale super-critical CFB technology
5. IGCC development in China
6. Ultra super-critical boiler engineering and manufacturing
7. Problems in the operation of ultra super-critical unit and solutions
8. Engineering and operation of large-scale CFB boiler
9. CO₂ emission reduction in energy dynamic system
10. Research and application of new type thermostable material
11. Clean generation and CCS

E. Hydropower

1. China energy policy and hydropower
2. Hydropower development and eco protection
3. Planned environment impact assessment and sustainable development
4. Impact on hydropower tariff of levy on water resources and hydropower development
5. Ecosystem reserve of drainage hydropower and related experience
6. Hydropower technologies at home and abroad and trend of hydropower technology development
7. Prevailing or significant problems occurred in the overhaul and operation of hydropower units in recent years
8. Hydropower production administration, reservoir regulation, dam observation and monitoring

F. Wind Power

1. Wind power policy in China
2. Significance of wind power benchmark pricing and the trend of future wind power tariff
3. Current status and goals of wind power development
4. Current status of grid connected wind power and problems on grid connection
5. Engineering process assessment on wind power output capacity
6. Experience on the operation and administration of wind farm
7. Wind power unit technology
8. Research on the prediction and forecast of wind power
9. Control system of wind power units
10. Offshore wind power technology
11. Latest technology and equipment of wind power

Topics of smart grid sub-forum and nuclear sub-forum to be confirmed

**Note: All delegates shall register for their interested sub-forums at the respective registration sites listed above, and claim conference documents and handouts there.
All delegates attend sub-forums shall also attend the main forum on Nov.3.**

Brief Introduction of Exhibition

China Power 2009, hosted by China Electricity Council, will be convened on Nov. 3rd to Nov. 5th at Tianjin Binhai International Convention & Exhibition Center (BICEC). The Forum, held twice in Shanghai 2003 and Beijing 2005, is another grand event following the success of the previous two. With the theme of "Clean Energy, Green Power", the Forum will welcome over 1000 high-level managers and technologists engaged in clean energy and smart grid from all over the world.

Sub-forums on wind power, hydropower, nuclear power, solar power, CDM and carbon reduction, biomass energy, clean coal technology(CFB, IGCC and Ultra Super-critical) and smart grid will heat up discussions on the new demands of economic and social development on electric power service, new environment of clean energy development, new trend of smart-oriented power grid development, the solutions to the problems of adaptability between large-scale energy bases construction and clean energy development, and especially, the lagged development of power grid, the increase of power grid resources optimized allocation efficiency and secured power supply capability. The Forum will facilitate in-depth communication and understanding among power utilities and equipment manufacturers at home and abroad on critical issues of clean energy development and new orientation of smart grid development of China's power industry.

The concurrent "China International Exhibition on Clean Energy Generation Technology and Equipment" (4,700 square meters) will be held in BICEC, Tianjin. Renowned power equipment manufacturers from all over the world will bring their updated technology and equipment on clean energy and smart grid to the exhibition. High-rank officials and executives, experts, scholars and professionals from government bodies and organizations, power utilities and science & research institutions will be invited to visit the exhibition.

Exhibition Invitation

China Power 2009 & “China International Exhibition on Clean Energy Generation Technology and Equipment”

China Power 2009, hosted by China Electricity Council, will be convened on Nov. 3rd to Nov. 5th at Tianjin Binhai International Convention & Exhibition Center (BICEC). The Forum, held twice in Shanghai 2003 and Beijing 2005, is another grand event following the success of the previous two.

With the theme of “Clean Energy, Green Power”, the Forum will welcome over 1000 high-level managers and technologists engaged in clean energy and smart grid from all over the world.

Sub-forums on wind power, hydropower, nuclear power, solar power, CDM and carbon reduction, biomass energy, clean coal technology(CFB, IGCC and Ultra Super-critical) and smart grid will heat up discussions on the new demands of economic and social development on electric power service, new environment of clean energy development, new trend of smart-oriented power grid development, the solutions to the problems of adaptability between large-scale energy bases construction and clean energy development, and especially, the lagged development of power grid, the increase of power grid resources optimized allocation efficiency and secured power supply capability. The Forum will facilitate in-depth communication and understanding among power utilities and equipment manufacturers at home and abroad on critical issues of clean energy development and new orientation of smart grid development of China’s power industry.

The concurrent “China International Exhibition on Clean Energy Generation Technology and Equipment” (4,700 square meters) will be held in BICEC, Tianjin. Renowned power equipment manufacturers from all over the world will bring their updated technology and equipment on clean energy and smart grid to the exhibition. High-rank officials and executives, experts, scholars and professionals from government bodies and organizations, power utilities and science & research institutions will be invited to visit the exhibition. We sincerely hope relative exhibitors at home and abroad can seize this valuable chance to share your solutions and know-how with the sector.

Exhibition Fee

Standard Booth: 15000RMB/standard booth (3m×3m),

Raw Space: 1500RMB/m² (36 m² as a minimum).

The standard booth provides 3 side wall panel, one fascia board with bilingual (Chinese-English) company name, one information counter, two folding chairs, ordinary illumination, 220V socket, and carpeted floor.

Exhibition Program

<u>Date</u>	<u>Time</u>	<u>Program</u>
1-2 November	09:00-17:00	Move-in
3 November	09:00-17:00	Exhibition (Open for the Forum delegates)
4 November	09:00-17:00	Exhibition(Open for the Forum delegates)
5 November	09:00-15:30	Exhibition
5 November	15:30-20:00	Move-out

Way to Join the Exhibition

1. The exhibitor requests layout plan from the Organizer; the exhibitor selects booth location.
2. The exhibitor fills in the application form (act as contract); has the form signed and sealed; sends the form by fax and mailed the original copy to the Organizer; the contract will formally become effective after the Organizer received, signed, sealed the form and finalized the booth location for the exhibitor.
3. Please deposit the exhibiting fee to the designated account within 10 days from the date of application.

BENEFICIARY'S BANK: CHINA MINSHENG BANKING CORP. · LTD.
SWIFT BIC: MSBCCNBJ
BENEFICIARY'S ACCOUNT NUMBER: 87202022240101004306
BENEFICIARY'S ACCOUNT NAME: HONGGUO DIANLIQIYE LIANHEHUI KEJI KAIFA FUWU
ZHONGXIN

Please remit or transfer your exhibition fee to the designated bank account within 10 days of your subscription of your booth.

The Organizer reserve the right to re-arrange the booth selected by the exhibitor in case of the exhibition fee did not being cleared within the specified period of time.

Exhibition Subscription Cancellation

If the exhibitor request cancellation after the subscription to take effect, a formal written notice to the Organizer would be required; the cancellation will become effective after the exhibitor received the Cancellation Confirmation and completed the cancellation payment. The cancellation fee would be deducted from the contract payment of the exhibitor to the Organizer.

Cancellation Time and Fee

<u>Time the Organizer received the cancellation application</u>	<u>Percentage of the contract payment required</u>
30 days within the subscription	Booth deposit plus 50% of the contract payment
30-45 days within the subscription	Booth deposit plus 75% of the contract payment
Over 45 days from the subscription	Booth deposit plus 75% of the contract payment

Deadline for the Subscription: Oct. 15, 2009

Information Submission

A brief introduction within 200 words of the Exhibitor will be published in the exhibition catalogue, (in Chinese, Word format, submitted by email to liyichen@cec.org.cn)

Additional advertisement in the catalogue needed, please provide the Organizer with film or electronic files over 300 dpi with size of 210×130

<u>Position</u>	<u>RMB</u>
Back cover	15,000
Inside front cover	15,000
Inside back cover	12,000
Insert spread page:	15,000
Inside first and last pages:	12,000
Single insert page:	8,000

Sponsorship Scheme

1. Diamond Sponsor for Main Forum: RMB300,000 Yuan (sole)

- ✓ The sponsor's LOGO together with the identity of Diamond Sponsor will be shown on the front cover of preconference brochure and in all related propaganda materials, which will be sent to the professionals of power industry through multiple channels.
- ✓ The sponsor's LOGO will be listed in official website, which is to be linked with the sponsor's website.
- ✓ One of the sponsor's CEO/senior managers will have the chance to VIP room of the Forum.
- ✓ At the seminar of the Forum, the sponsor's representative will have 10 minutes to give speech (the contents of which shall be related to the Forum subjects, and the lecture shall be submitted to the Organizing Committee of the Forum before the seminar).
- ✓ Six free booths will be provided for the sponsor (at standard size of 3m*3m).
- ✓ The sponsor's LOGO together with the identity of Diamond Sponsor will be shown on the background board of the Forum, direction board, Guide to the Forum, Catalogues, and Preface of Collected Papers.
- ✓ One exclusive interview will be arranged by China Power Enterprise Management Magazine, with a special report of at least 3 pages being tailored for the sponsor and spread to the public.
- ✓ During tea breaks, the sponsor's promotional video will be cyclically played at conference site (the video to be provided by the sponsor).
- ✓ One colorful full spread-page advertisement of the sponsor's enterprise will be included in the Catalogue of Forum (the film to be provided by the sponsor).
- ✓ One copy of the sponsor's promotional information will be inserted in the file bags provided to all representatives participating the conference.
- ✓ Six of the sponsor's representatives will be allowed to participate the conference free of registration fee.

2. Platinum Sponsors for Main Forum: RMB200,000 Yuan (two sponsors)

- ✓ The sponsor's LOGO together with the identity of Platinum Sponsor will be shown on the front cover of preconference brochure and in all related propaganda materials, which will be sent to the professionals of power industry through multiple channels.
- ✓ The sponsor's LOGO will be listed in official website, which is to be linked with the sponsor's website.
- ✓ One of the sponsor's CEO/senior managers will have the chance to VIP room of the Forum.
- ✓ At the seminar of the Forum, the sponsor's representative will have 5 minutes to give speech (the contents of which shall be related to Forum subjects, and the lecture shall be submitted to the Organizing Committee of the Forum before the seminar).
- ✓ Four free booths will be provided for the sponsor (at standard size of 3m*3m).
- ✓ The sponsor's LOGO together with the identity of Diamond Sponsor will be shown on the background board of the Forum, direction board, Guide to the Forum, Catalogue, and Preface of Collected Papers.
- ✓ One colorful full spread-page advertisement of the sponsor's enterprise will be included in the Catalogue of Forum (the film to be provided by the sponsor).
- ✓ One copy of the sponsor's promotional information will be inserted in the file bags provided to all representatives participating the conference.
- ✓ Four of the sponsor's representatives will be allowed to participate the conference free of registration fee.
- ✓

3. Gold Sponsors for Sub-forums: RMB150,000Yuan (8 optional sub-forums)

- ✓ The sponsor's LOGO together with the identity of Gold Sponsor will be included in preconference brochure, which will be sent to the professionals of power industry through multiple channels.
- ✓ The sponsor's LOGO will be listed in official website, which is to be linked with the sponsor's website.
- ✓ One of the sponsor's CEO/senior managers will have the chance to VIP room of the Forum.

- ✓ At the seminar of the sub-forum, the sponsor's representative will have 5 minutes to give speech (the contents of which shall be related to Forum subjects, and the lecture shall be submitted to the Organizing Committee of the Forum before the seminar).
- ✓ At the seminar of the sub-forum, the sponsor will have 30 minutes to give speech on technical topics (the topic to be submitted prior to 10th of September).
- ✓ Three free booths will be provided for the sponsor (at standard size of 3m*3m).
- ✓ The sponsor's enterprise advertisement will be printed on the front cover of Collected Papers of Sub-forum (the film to be provided by the sponsor).
- ✓ The sponsor's promotional materials will be distributed at the conference site or inserted in the file bags provided by the organizers.
- ✓ One colorful single-page advertisement of the sponsor's enterprise will be included in the Catalogue (the film to be provided by the sponsor).
- ✓ The sponsor's LOGO will be shown on the Catalogue, background board of the Sub-forum, and Preface of Collected Papers.
- ✓ Three of the sponsor's representatives will be allowed to participate the conference free of registration fee.

4. Silver Sponsors for Sub-forums: RMB 100,000Yuan (8 optional sub-forums)

- ✓ The sponsor's LOGO together with the identity of Silver Sponsor will be included in the preconference brochure, which will be sent to the professionals of power industry through multiple channels.
- ✓ The sponsor's LOGO will be listed in official website, which is to be linked with the sponsor's website.
- ✓ One of the sponsor's CEO/senior managers will have the chance to VIP room of the Forum.
- ✓ At the seminar of the sub-forum, the sponsor will have 20 minutes to give speech on technical topics (the topic to be submitted prior to 10th of September).
- ✓ The sponsor's enterprise advertisement will be printed on the back cover of Collected Papers of Sub-forum (the film to be provided by the sponsor).
- ✓ The sponsor's promotional materials will be distributed at the conference site or inserted in the file bags provided by the organizers.
- ✓ Two free booths will be provided for the sponsor (at standard size of 3m*3m).
- ✓ One colorful single-page advertisement of the sponsor's enterprise will be included in the Catalogue (the film to be provided by the sponsor).
- ✓ The sponsor's LOGO will be shown on the Catalogue, background board of the Sub-forum, and Preface of Collected Papers.
- ✓ Two of the sponsor's representatives will be allowed to participate the conference free of registration fee.

5. Bronze Sponsors for Sub-forums: RMB 50,000Yuan (8 optional sub-forums)

- ✓ The sponsor's LOGO together with the identity of Bronze Sponsor will be included in the preconference brochure, which will be sent to the professionals of power industry through multiple channels.
- ✓ The sponsor's LOGO will be listed in official website, which is to be linked with the sponsor's website.
- ✓ At the seminar of the sub-forum, the sponsor will have 20 minutes to give speech on technical topics (the topic to be submitted prior to 10th of September).
- ✓ A colorful single-page advertisement of the sponsor's enterprise will be included in Collected Papers of Sub-forum (the film to be provided by the sponsor).
- ✓ The sponsor's promotional materials will be distributed at the conference site or inserted in the file bags provided by the organizers.
- ✓ One free booth will be provided for the sponsor (at standard size of 3m*3m).
- ✓ The sponsor's LOGO will be shown on the Catalogue, background board of the Sub-forum, and Preface of Collected Papers.
- ✓ One of the sponsor's representatives will be allowed to participate the conference free of registration fee.

6. Other Forms of Sponsorships for Sub-forums

- ✓ 20 minutes of speech on technical topics at the seminar of the sub-forum: RMB 20,000Yuan
- ✓ Appearance on inside front cover of Collected Papers of Sub-forum (colorful): RMB 10,000Yuan
- ✓ Appearance on inside first page of Collected Papers of Sub-forum (colorful): RMB 8,000Yuan
- ✓ Appearance on inserts of Collected Papers of Sub-forum (colorful): RMB 6,000Yuan

7. Special Sponsors

Welcome Dinner Sponsor (sole) budget: RMB 150,000Yuan, to be settled at actual expenditure

- ✓ The sponsor's LOGO will be listed in official website, which is to be linked with the sponsor's website.
- ✓ One of the sponsor's CEO/senior managers will have the chance to VIP room of the Forum.
- ✓ The Organizers will give thanks to the sponsor at the Dinner.
- ✓ One of the sponsor's CEO/senior managers will have 3 minutes to give speech at the Dinner.
- ✓ The sponsor's LOGO will be shown on the board directing Welcome Dinner site.
- ✓ The sponsor's identity will be listed in the Welcome Dinner column of conference guide.
- ✓ The sponsor's LOGO will be shown on the background board at Welcome Dinner site.
- ✓ Two roll standers of the sponsor will be placed at Welcome Dinner site (at size of 1m wide x 2m high, to be provided by the sponsor and arranged by the Forum at specified locations).
- ✓ Three free booths will be provided for the sponsor (at standard size of 3m*3m).
- ✓ One colorful single-page advertisement of the sponsor's enterprise will be included in the Catalogue (the film to be provided by the sponsor).
- ✓ The sponsor's LOGO will be shown on the Catalogue and Preface of Collected Papers.
- ✓ One table with 10 seats will be reserved at the Dinner for the sponsor to invite his important guests.
- ✓ Three of the sponsor's representatives will be allowed to participate the conference free of registration fee.

Opening Dinner Sponsor (sole) budget: RMB200,000Yuan, to be settled at actual expenditure

- ✓ The sponsor's LOGO will be listed in official website, which is to be linked with the sponsor's website.
- ✓ One of the sponsor's CEO/senior managers will have the chance to VIP room of the Forum.
- ✓ The Organizers will give thanks to the sponsor at the Dinner.
- ✓ One of the sponsor's CEO/senior managers will have 3 minutes to give speech at the Dinner.
- ✓ The sponsor's LOGO will be shown on the board directing the Opening Dinner site.

- ✓ The sponsor's identity will be listed in the Opening Dinner column of conference guide.
- ✓ The sponsor's LOGO will be shown on the background board at Dinner site.
- ✓ Two roll standers of the sponsor will be placed at the Opening Dinner site (at size of 1m wide x 2m high, to be provided by the sponsor and arranged by the Forum at specified locations).
- ✓ Four free booths will be provided for the sponsor (at standard size of 3m*3m).
- ✓ One colorful spread-page advertisement of the sponsor's enterprise will be included in the Catalogue (the film to be provided by the sponsor).
- ✓ The sponsor's LOGO will be shown on the Catalogue and Preface of Collected Papers.
- ✓ One table with 10 seats will be reserved at the Dinner for the sponsor to invite his important guests.
- ✓ Four of the sponsor's representatives will be allowed to participate the conference free of registration fee.

Gift Sponsor (sole) budget: RMB150,000Yuan, i.e. RMB150Yuan/gift x1000 gifts

- ✓ The sponsor's LOGO will be listed in official website, which is to be linked with the sponsor's website.
- ✓ One of the sponsor's CEO/senior managers will have the chance to VIP room of the Forum.
- ✓ The sponsor's LOGO will be printed on the package of the gift.
- ✓ One roll stander of the sponsor will be placed at the Forum registration site (at size of 1m wide x 2m high, to be provided by the sponsor and arranged by the Forum at specified location).
- ✓ Three free booths will be provided for the sponsor (at standard size of 3m*3m).
- ✓ One colorful single-page advertisement of the sponsor's enterprise will be included in the Catalogue (the film to be provided by the sponsor).
- ✓ The sponsor's LOGO will be shown on the Catalogue and Preface of Collected Papers.
- ✓ Three of the sponsor's representatives will be allowed to participate the conference free of registration fee.

Sponsor of Representatives' File Bags (sole): RMB20,000Yuan

- ✓ The sponsor's LOGO will be listed in official website, which is to be linked with the sponsor's website.
- ✓ The sponsor's LOGO will be shown on the Catalogue and Preface of Collected Papers.
- ✓ The sponsor's LOGO will be printed on the file bags.
- ✓ The file bags (made of canvas, backpack type) will be presented to every present representative.
- ✓ One of the sponsor's representatives will be allowed to participate the conference free of registration fee.

Sponsor of Representatives' Chest Cards (sole): RMB20,000Yuan

- ✓ The sponsor's LOGO will be listed in official website, which is to be linked with the sponsor's website.
- ✓ The sponsor's LOGO will be shown on the Catalogue and Preface of Collected Papers.
- ✓ The sponsor's LOGO will be printed on the covers for representatives' and VIPs' chest cards.
- ✓ One of the sponsor's representatives will be allowed to participate the conference free of registration fee.

8. Advertisement on Catalogue and at each Forum site

- ✓ Advertisement at Forum registration site (at size of 1m wide x 2m high, to be provided by the sponsor and arranged by the Forum at specified location): RMB8,000Yuan
- ✓ Advertisement on Catalogue - back cover (colorful): RMB15,000Yuan
- ✓ Advertisement on Catalogue - inside front cover (colorful): RMB15,000Yuan
